

YOUR 100% DIGITAL PLATFORM FOR MEDICAL ORDERING

Simplify, automate, and secure the
management of your medical
equipment and supplies.

FULLY AUTOMATED ORDER MANAGEMENT

Place your orders online in just a few clicks, choose your preferred delivery method (pickup point or custom address), and track every step in real time.

TRANSPARENCY AND TRACEABILITY

From order creation to final delivery, every action is logged — giving you full visibility and control throughout the process.

Reduce errors, speed up lead times, and optimize inventory management.

Focus on what truly matters — your patients, not logistics.

OPERATIONAL EFFICIENCY

FLEXIBILITY AND CUSTOMIZATION

Add your own equipment, complete with descriptions and images, organize items into categories, and adapt your orders according to your needs and stock availability.

SIMPLIFIED LOGISTICS WITH QR CODES

A single scan from a smartphone or tablet instantly updates order status — from dispatch to delivery confirmation.

Stay informed at every stage of the process. Receive automatic email updates through an integrated workflow for total peace of mind.
