

Your 100% Digital Sampling Manual

ACCESS TO GUIDES & RECOMMENDATIONS

Centralize all your key information in one place — test guides, recommendations, FAQs, and more.

Accessible to all healthcare professionals involved in the sampling process.

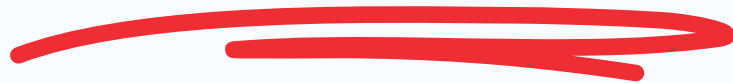

SEAMLESS **COMMUNICATION**

Notify and alert your sampling teams in real time through homepage messages, emails, or SMS.

Major updates can be validated through an approval process for greater control.

MANAGEMENT OF AGREEMENTS & PROCEDURES

Easily track agreements, surveys, and equipment orders directly within the software.

Enjoy complete transparency and statistical tracking at every stage.

INTÉGRATION & SYNCHRONIZATION

Connect your partner laboratories and automatically synchronize outsourced tests.

Save time and boost reliability across your workflows.

ADAPTABILITY & COLLABORATION

Whether you manage a single site, multiple sites, or an entire hospital group, THESI adapts to your organization and fosters efficient collaboration.

Simplify your sampling processes and enhance cooperation between healthcare professionals. Discover Inlog's innovative solution today!
