

EDGE BLOOD

The comprehensive
solution for blood banks
and collection centers

Key benefits:

- Tailored to your operational needs
- Secure, user-friendly design
- Robust and reliable performance

The background of the slide is a photograph of a laboratory. It shows several test tubes in a rack, some with colored caps (red, purple, yellow). A gloved hand is visible, holding one of the test tubes. The image is slightly blurred, and a semi-transparent blue rectangle is overlaid on the center, containing the text and list.

Donor management:

- Donor recruitment and follow-up
- Donor screening
- Mobile blood donation campaigns

Production & distribution:

- Collection and labeling
- Inventory management and quarantine
- Delivery/shipping and billing

Transfusions & patient tracking:

- Ordering and receipt of blood components
- Electronic crossmatching
- Transfusion monitoring and autologous transfusion

A person is lying in a hospital bed, wearing a grey hospital gown. A clear plastic drip chamber is visible on the right side of the frame, connected to a tube. The background is blurred, showing a hospital room setting. A semi-transparent blue rectangle is overlaid on the right side of the image, containing the text.
